WASHINGTON, April 30.—During  
the latter part of 1912 the cost of liv-

at any other time during the past 23  
years.

The bureau of labor statistics has just  
issued a report on retail prices from  
1890 to 1912, summarizing the results  
according to geographical divisions. The  
cost of living was highest in North At-  
lantic division.

The approximate cost for a year's food

in 1906, \$390; in 1912, \$466.

The cost in other divisions in 1912 was

## MOTHERS LOST WITH NINE CHILDREN

Rescuers Saw Their Place of Refuge  
Topple—Tragic Story of Mis-  
sissippi Flood.

NATCHEZ, Miss., April 30.—While  
rescue parties looked on in horror, two  
frantic mothers with nine little children  
marooned on the top of a house in the  
flooded interior, called out vain pleas for  
help and then plunged to their death,  
when their place of refuge toppled over  
in the swirling waters and vanished  
from sight.

The rescuers brought the wood when  
they returned to Natchez with two boat  
loads of survivors. Their boats were so  
crowded that to have taken on the women  
and little children would have  
swamped them.

Nine families, reaching five miles in-  
land are under water and the Mississippi  
is pouring in through a mile wide crevasse  
at St. John. At Bony, where the levee  
has been still holding, two negroes were  
shot while trying to cut the embankment.  
It is thought they were working for  
planters on the other side of the stream.

## CONFESSES TO MURDER

Prisoner at Blackwell's Island  
Says He Helped Kill  
Mattie Brackett

## CRIME COMMITTED IN MAINE IN 1905

Mrs. Raymond Was Tried for the Mur-  
der and Acquitted—Dunbar's State-  
ment Implicates Two Other Men—  
Claims Turnkey Knows Strangler.

NEW YORK, April 30.—What may  
prove to be the solution of an eight-  
years-old murder mystery—the killing  
of Mattie Brackett, a young girl of Ken-  
necott county, Maine, in August, 1905,  
was furnished by Richard F. Dunbar, a  
prisoner at Blackwell's Island, in a state-  
ment to a city detective yesterday.

Dunbar implicated himself and five  
other men in the crime, the police say.  
Already one person, a Mrs. Raymond of  
Readfield, Me., has been tried for the  
murder of the girl and acquitted because  
of lack of evidence.

Dunbar, according to the statement  
given at police headquarters last night,  
said that he feared other innocent per-  
sons might be charged with a crime for  
which he and two others are responsible.  
This reason and also the fact, he said,  
that ever since the murder he had been  
haunted with visions of the victim, led  
him to confess.

Parts of the alleged confession given  
out by the police quote Dunbar as say-  
ing he became friendly with a young man  
of good family at Readfield, who told  
him he had a girl whom he wanted to  
get out of the way, naming Mattie  
Brackett, who lived in Stanley Crossing,  
near Readfield. He found and another  
man and himself went to the Brackett  
home, he said, and while the third man  
got the girl's father out of the house on  
some pretext, he and the man who was  
the principal in the crime, forced her to  
a dark spot, where the other man strangled  
her with a rope.

The Kennebec county authorities have  
been notified of Dunbar's confession.  
Dunbar said he had been arrested in  
Readfield later on another charge and  
sent to jail but escaped. Dunbar was ar-  
rested in Cheyenne, Wyoming, last No-  
vember on the charge of having aban-  
doned with several hundred dollars  
from the Williamsburg Pork Packing  
company of Brooklyn. He was convicted  
here and sentenced to nine months im-  
prisonment.

AUGUSTA, Maine, April 30.—Com-  
munity Attorney Fisher and Sheriff Gerdell  
arranged today to go to New York to  
hear the alleged confession of Richard F.  
Dunbar to the effect that he was impli-  
cated in the murder of Mattie Brackett  
at Readfield August 17, 1905. The re-  
cords show that Dunbar served a term  
in the Kennebec county jail in that year  
for assaulting his father-in-law.

## CHURCH WILL INVITE CHALMERS HOLBROOK

Former Brattleboro Young Man, Or-  
dained Last Week. Will Be  
Called to Deerfield, N. H.

Many Brattleboro persons will be in-  
terested to know that it was announced  
in Deerfield, N. H., yesterday that the  
Deerfield Congregational church would  
extend a call to Rev. Chalmers Hol-  
brook, Yale 1910, a graduate next month  
from Union Theological seminary, New  
York, as successor to Rev. J. Franklin  
Babb, who resigned to accept a business  
opening.

Rev. Mr. Holbrook is a native of Brat-  
tleboro, son of the late Judge William  
C. Holbrook of the Court of Special Ses-  
sions, New York, and a grandson of the  
late Frederick Holbrook of this town,  
war governor of Vermont.

It is anticipated that Rev. Mr. Hol-  
brook will begin his duties in Deerfield  
the first Sunday in June. He was ordain-  
ed in New York last week, is 26 years  
old and married.

## TO BE CHARGED WITH CONSPIRACY

Headquarters of the Militant Suffra-  
gettes Raided in Search of  
Evidence.

LONDON, April 30.—The headquar-  
ters of the women's social and political  
union of militant suffragettes society  
in Kings Way was raided this morning  
by officers of Scotland Yard in search  
of evidence against the militant  
leaders.

Barbara Kerr, secretary of the union,  
and the Misses Lake, Lennon and Mrs.  
Barrett, were arrested. A large number  
of documents were seized. The women  
are to be charged with conspiracy  
with intent to commit offenses contrary  
to the malicious damages act.

## AUBURN STRIKERS ASSAIL WORKMEN

Militia Will Be Called Out Again to  
Maintain Order at Factories in  
Auburn, N. Y.

AUBURN, N. Y., April 30.—The In-  
ternational Harvester company's twine  
mill strike situation became so acute  
last night that it was decided to again  
call on the local company of the state  
militia to guard the mills of the com-  
pany. The decision was reached at a  
conference between Mayor Thomas  
H. O'Neill, Sheriff Bancroft and Ed-  
ward H. Chapman, special representative  
of Gov. Sulzer.

Many of the 150 strikers, who worked  
yesterday for the first time in six  
weeks, were attacked in their homes  
and several were stoned. The police  
were warned that further trouble will  
occur if the returning workers attempt  
to enter the mills.

Only about 150 of the 650 employees  
of the plant have voted to accept the  
terms of the company, the others hav-  
ing vetoed every proposition to settle  
the strike.

AUBURN, N. Y., April 30.—Riot-  
ing occurred again between strikers from  
the International Harvester company's  
twine mills, the police, militia and de-  
puties. Three men and three women were  
arrested, the latter gung, scratching and  
kicking their captors on the way to po-  
lice headquarters. Breaks in the ranks of  
the strikers grew today, more hands en-  
tering the mills.

## TO INCREASE FREIGHT RATES.

Railroads Ask Permission of Interstate  
Commerce Commission.

NEW YORK, April 30.—The East-  
ern railroads have decided to ask per-  
mission of the interstate commerce  
commission to make a horizontal in-  
crease in freight rates throughout the  
territory east of the Mississippi as a  
result of the decisions of the arbitra-  
tion committee granting increased wages  
to their engineers and firemen.

The plan is to file a new schedule  
of freight rates with the commission  
and support the application with evi-  
dence to prove that the trunk lines of  
the East are unable to bear the burden  
of the increased operating expenses.

## BROOD MARES BURNED.

Fourteen Animals Owned by Keene  
Estate Valued at \$100,000.

LEXINGTON, Ky., April 30.—Four-  
teen thoroughbred mares, with their  
foals, owned by the estate of the late  
James R. Keene were burned to death  
in a fire which consumed one of the  
stables of the Kingston Stud yester-  
day. It is estimated that about \$100,-  
000 will cover the loss. The mares  
were insured for \$75,000.

## THE WEATHER.

Cold Wave Will Continue—Look Out  
for Frost.

WASHINGTON, April 30.—The  
weather forecast for April tonight and  
Thursday: frosts in some sections to-  
night; moderate northerly winds.

## HECKLING THE DEMOCRATS

Those Who Framed Tariff  
Bill Receive Hot Shot  
From Republicans

## FIGHTING OVER VARIOUS SCHEDULES

Republicans, However, Are Avoiding  
Useless Delays That Would Be Oc-  
casioned by Demanding a Record of  
the Votes.

WASHINGTON, April 30.—When the  
consideration of the Underwood tariff bill  
was resumed today in the House the Re-  
publican leader, Mr. Mann, of Illinois,  
and his chief lieutenants resumed the  
heckling of the Democrats who framed  
the measure.

The hecklers included Representatives  
Payne of New York, Moore of Pennsyl-  
vania, Gardner of Massachusetts, Greene  
of Iowa.

The Republicans have given every in-  
dication of fighting the schedules all  
along the line, avoiding, however, useless  
delays that would be occasioned by de-  
manding record of the votes.

The early morning and glassy schedules  
were taken up this morning.

Heated wrangling marked the progress  
of the bill yesterday. All day, the Re-  
publicans offered amendments to the  
various paragraphs in the chemical sched-  
ule and every amendment was calmly voted  
down by the big Democratic majority.

Several minor amendments offered by the  
ways and means committee to correct  
the phraseology of the bill were adopted.

Most of the talk of the day turned  
on the records of the Democratic and  
Republican sides of the House on the  
question of creating a tariff commission.

Murdoch of Kansas, the Progressive  
leader, named both of the offline par-  
ties of ineptness.

## UNIFORMED TEAM AT COTTON MILL

Baseball Association Organized Last  
Night—Suits and Equipment

Furnished by Mr. Chace.

Brattleboro will have two uniformed  
professional baseball teams this summer.  
One will be its team in the Twin State  
league and the other will be a team rep-  
resenting the Fort Dummer Cotton Mill  
Baseball association.

The employees at the Fort Dummer cot-  
ton mill met in the factory last night  
and organized an association with the  
goal of having a team start off with a  
membership of about 45, with Thomas  
Whipple as manager. These officers were  
elected: President, William Worsnop;  
secretary, Herbert Nightingale; treasurer,  
E. Ainsworth; directors, Mr. Worsnop,  
Mr. Ainsworth, Gladstone Fish, Harry  
Brackett and Felix Noel; manager,  
Thomas Whipple.

Through the generosity of E. G. Chace,  
treasurer of the cotton mill corporation,  
the team will be supplied with uniforms  
and all necessary equipment. Measurements  
of the players are being taken and it is  
expected that the suits will be here in  
two weeks.

The team will be coached by Harvey  
Place, assistant foreman, who formerly  
coached third sack for the Ulica team in  
the New York State league. Mr. Night-  
ingale, formerly of the Patucket city  
league, will be relied upon as the main-  
stay of the pitching staff.

Practice will be held every evening and  
Saturday afternoons, and the manager  
expects to furnish some clean and ex-  
citing sport. He wants to hear from the  
uniformed teams in Greenfield, North-  
hampton and Springfield besides local  
teams. Mr. Chace and all the employees  
at the mills are greatly interested in the  
prospects for a fast aggregation.

## MRS. YOUNG SEEKS DIVORCE.

Former Putney Woman Alleges Deser-  
tion, Intoxication and Non-  
Support.

WORCESTER, Mass., April 30.—Eva  
A. Young of Worcester is a petitioner  
in superior court for a divorce from  
her husband, Willis F. Young of Ver-  
mont, or unknown address, whom she  
alleges deserted her six years ago. The  
libel claims intoxication. They were  
married in Brattleboro, Vt., and for-  
merly lived in Putney, Barre, Montpel-  
ier, Rutland and St. Albans, Vt. Failure  
to provide suitable maintenance for  
her is also charged.

The case is returnable on the first  
Monday of June.

## REBELS CAPTURE MATEHUALA.

Mexican Town Contains Smelters Own-  
ed by Guggenheims.

MEXICO CITY, April 30.—After a  
day's fighting the rebels under the  
command of Santos Coy yesterday  
captured Matehuala, where one of the  
smelters owned by the Guggenheims  
of Colorado is situated. The miners are  
uprising on the isthmus of Tehuante-  
pec, it is reported.

Freedom of opinion is a blessed priv-  
ilege. If he guesses right, he doesn't  
receive much credit, but if he guesses  
wrong he soon hears from it.

## CONFERENCE WILL BEGIN TOMORROW

Teachers in Southeastern Vermont Com-  
ing to Brattleboro in Large Num-  
bers—Opens at 3 o'clock.

The fourth annual teachers' conference  
for Southeastern Vermont will be held  
in Brattleboro tomorrow and Friday, and  
it is expected that not far from 200  
teachers will be in town. The public is  
invited, and especially are the parents  
of pupils now in school urged to attend  
the three general sessions, at 7 p. m. to-  
morrow, 9 a. m., and 2 p. m. Friday.

The Brattleboro schools will be in ses-  
sion tomorrow and teachers from out-  
side the town are invited to "visit  
school." At 3 o'clock State Supt. Mason  
S. Stone will conduct a school directors'  
meeting, discussing Vermont school  
laws. The evening session, in the Con-  
gregational church, will be given up to  
music, an address on The Personal Ele-  
ment by A. E. Winslip, editor of the  
Journal of Education, and an address on  
The Outlook in Vermont by James F.  
Messenger, head of the department of  
education in the University of Vermont.

The teachers of Brattleboro will give a  
reception to the visiting teachers in the  
chapel directly after the addresses.

Friday morning's general session will  
take place in the high school room. The  
addresses will be followed by two con-  
ferences, one on high school English and  
one on elementary school English. The  
business session will take place at 11:30.

A more detailed outline of Friday's  
program, morning and afternoon, will be  
published in The Reformer tomorrow.

## AUSTRIA SEEKS AID OF ITALY

Wishes to Have Her Join in Action  
Against Montenegro—Embas-  
sadors Meet Today.

LONDON, April 30.—Up to a late  
hour last night the British foreign of-  
fice at London had no news that  
Austria was actually taking separate  
action against Montenegro. It is un-  
derstood that Austria is waiting the  
result of the end-of-the-year conference  
tomorrow and employing the interval  
in an endeavor to induce Italy to  
join her in military action. The meet-  
ings of the ambassadors in London  
have shown almost conclusively that  
a majority of the powers are not pre-  
pared to adopt warlike measures  
against Montenegro. It is thus  
practically certain that within a few  
days, whether Italy consents or not,  
Austria will dispatch an ultimatum to  
Cettinje demanding the immediate  
evacuation of Senjar.

Not another word of Essad Pasha's  
doings in Albania has come through.  
Ismael Kemal Bey, head of the provi-  
sional Albanian government, has ar-  
rived in London to enlist British sup-  
port. He and other Albanians do not  
regard Essad Pasha's coup very seri-  
ously, but the opinion seems to be  
growing among diplomats in London  
that an administration under Essad  
Pasha in Albania might not be such an  
impossible solution of a difficult prob-  
lem.

## MASKED ROBBER TOOK \$60 FROM BANK

Demanding \$800 from Cashier in Pea-  
body, Mass., But Fled With  
What He Could Get.

PEABODY, April 30.—A man armed  
with a revolver and wearing a napkin  
over the lower half of his face entered  
the Peabody Co-operative bank yester-  
day, held up John A. Teague, the treas-  
urer, and obtaining the contents of the  
cash drawer, about \$60, escaped. Teague  
and his assistant, Miss Maria H. Os-  
mond, were the only persons in the room,  
which was on the second floor of the  
business block in the center of the city  
when the man appeared. Showing his re-  
volver, he said: "Give me \$800, quick!"

Teague attempted to partly shield  
the visitor began to count. "One, two,  
three." This was enough for the treas-  
urer, who pulled open the cash drawer,  
explaining meantime that its contents  
represented all the cash that he could  
hand over in a hurry. The robber gath-  
ered up the paper money and coin and  
bolted through the door.

## FITCHBURG ROAD UNDER PROBE TODAY

Inquiry in Regard to the Delay of  
Train Due to Poor Coal at  
Boston Hearing.

BOSTON, April 30.—The delay of  
trains on the Fitchburg division of the  
Boston & Maine railroad due to poor  
coal was inquired into when the inter-  
state commerce commission's hearing  
on the New Haven system was resumed  
today.

H. A. Fabian, purchasing agent,  
said conditions were improving. He  
told of a letter received from the di-  
vision superintendent saying that the  
delay for one month due to poor coal  
totalled 17 hours, as compared with 64  
hours for the corresponding month of  
the previous year. Mr. Fabian was  
questioned at length in regard to the  
contracts for coal.

A man is always confronted with an  
emergency. If he guesses right, he doesn't  
receive much credit, but if he guesses  
wrong he soon hears from it.

## PASS A NEW LAND BILL

California Legislators Act  
After Conference with  
Bryan

## VOTE ON MEASURE WAS UNANIMOUS

It Provides That No Alien Ineligible  
to Citizenship Under Laws of United  
States May Hold Real Property in  
the State of California.

SACRAMENTO, Cal., April 30.—If  
the purpose of the visit of Secretary of  
State Bryan was to check further action  
by the legislature on an alien land law  
directed against the Japanese his mission  
has been a failure.

The conference between Secretary  
Bryan and the legislators closed just be-  
fore midnight. Within three minutes, and  
before most of the spectators knew what  
had occurred, Senator A. E. Boynton,  
president pro tempore of the upper  
house, convened the senate, and an  
amended land bill, which provides that  
no alien ineligible to citizenship under  
the laws of the United States, may hold  
real property in California, was adopted  
as a substitute for the pending measure  
by a unanimous viva voce vote.

It will come up for final passage in the  
regular course of business tomorrow  
morning and probably will be signed by  
Gov. Johnson. This is the opinion of  
the leaders here.

WASHINGTON, April 30.—Probably  
until the legislative status of the substi-  
tute alien land owning bill adopted by  
the California Senate last night clarifies  
it will be impossible for the administra-  
tion here to determine upon the next  
step.

There is little expectation here that  
the assembly will reverse the action tak-  
en by the Senate, but it is believed that  
delay will improve the chances of some  
amendment along the lines of the Webb  
bill, which, presumably would have re-  
ceived the approval of the national gov-  
ernment.
